6th edition of Arunachal Film Festival gets underway

ITANAGAR, April 20: The 6th edition of the Arunachal Film Festival got underway at the Green House ground here on Saturday.

The Film Federation of Arunachal (FFA) in collaboration with the Information & Public Relations (DPR) department, the ten-day festival will showcase the works of local as well as national filmmakers, alongside a workshop on Cinema and visual art of cinema by Perido Borgohain.

During the discussion, senior filmmaker Dr. DK Than- gu, called on young filmmakers to be faithful and consistent towards their craft. He emphasized on creating world-class cinema with the stories of the environment instead of constantly striving to make commercially acceptable mainstream movies.

Earthquake with Intensity of 5.8 Shakes West Siang

AALO, April 24: An earthquake with magnitude of 5.8 that occurred at 1:45 am shook people of West Siang, causing many to run out of houses. This is the first tremor of its kind to be felt here with that intensity.

The District Disaster Management Authority (DDMA) also called on its officials that the epicenter of the earthquake is likely to be near Daraik in West Siang and Kaying EAC Headquarters in Siang District. The tremor triggered massive landslides at vulnerable locations at Kambong road which is located 25km from Aalo. However, the local PMU SOS contractor has cleared the blockage. The road from Daikon to Poyom, Daikon to Potom village is said to be blocked with landslides at all vulnerable locations. Two Sam RCC buildings of the Ministry of Housing & Urban Affairs department also found with cracks. Semi RCC kitchen and three rooms of a private RCC building are also found with cracks in all the portion of RCC wall in Darak Circle Offices and some parts of damages are also awaited from other far flung areas.

(Contd on P 2)

Housing & Urban Affairs Secretary calls on the Governor

ITANAGAR, April 18: Durga Sharma Mishra, IAS, Secretary, Housing & Urban Affairs, Govt. of India called on the Governor of Arunachal Pradesh, Dr. (B. D. Mishra) (Retd.) at Raj Bhavan on 19th April 2019.

They discussed about the progress of the various projects under the Ministry of Housing and Urban Development.

The Governor also emphasised on creating opportunities for the street vendors, as they have been directly involved in the urban environment and helping the unem- ployed youth to set up small employment ventures by ensuring access to credit. He also stressed on providing shelter and basic amenities for the urban poor.

(Contd on P 2)

Animal birth control, vaccination held

ITANAGAR, April 24: The first phase of the animal birth control-vaccination programme was organised by Cenataker, a voluntary organisation here at the government veterinary hospital on Wednesday under the supervision of Senior Veterinary Officer Dr Rubo.

The organisation, Cenataker works towards welfare of animals in distress, especially stray dogs around the Capital City.

In a press release, the organisation informed that three stray dogs (two male & one female) were captured from Legi Complex, Champa gauge and Don College area of Itanagar pilot basis.

The captured stray dogs were neutered and also vaccinated against rabies. These dogs were put under the care of temporary shelter of the Cenataker for post care operation. Once they are fit, they will be given back to owners or to interested families. In case they are not adopted, they will be permanently stay with other dogs at the shelter, the organization added.

Editorial...

World Malaria Day

World Malaria Day is celebrated every year on 25 April to raise awareness for the prevention, control and elimination of malaria. This day also marks the continuing great achievements in the fight against malaria. It is also necessary to provide education to the people about the different stages of malaria and how to cure it. Let us study through this article about history, theme and significance of World Malaria Day and also about malaria, its control, organism, symptoms etc.

Malaria is a life-threatening disease which is caused by Plasmodium Parasites. The WHO has called for accelerated scale-up of efforts to prevent malaria and save lives.

The theme of World Malaria Day 2019 is ‘Zero malaria starts with me’. According to WHO this theme underscores the collective energy and commitment of the global malaria community uniting around the common goal of a world free of malaria. It will empower individuals across the world to make personal contributions to saving millions more lives and help communities and economies to thrive by eradicating malaria. It will re-energize the fight to eliminate the disease, which threatens half of the global population and kills every two minutes.

Several awareness campaigns and events are organised to celebrate this day and WHO will share several interviews with leaders and advocates who have been involved in malaria control. These leaders will share their views and efforts of the past 71 years fighting with malaria.

World Malaria Day was developed from Africa Malaria Day which was first held in 2008. It is basically an event that had been observed since 2001 by African governments. They worked towards the goal that aimed at controlling malaria and reducing its mortality in African counties.

At the 6th session of the World Health Assembly, a meeting sponsored by the World Health Organization (WHO) in 2007 proposed that Africa Malaria Day be changed to World Malaria Day to help existing and new donors to think beyond the continent and to bring awareness among people globally to fight against malaria disease.

World Malaria Day also enables new donors to join in a global partnership against malaria, and for research and academic institutions to reveal scientific advances to the public.

The day also gives international partners, companies and foundations a chance to showcase their efforts and reflect on how to scale up what has worked.

According to WHO’s latest report on World Malaria, no significant reduction was made in malaria cases in between 2015 to scale up what has worked.

Malaria and its King inresse was a part of it in strengthening the implementation of the Pasighat Smart City Mission and further advocated for self-sustaining model and creating sense of ownership among the people as partners in the development of Itanagar City to a Smart City with Urban Amenities in improving the quality of life.

While taking stock of the status of skill development programs under NULM (National Urban Livelihood Mission), to promote self-employment and livelihood opportunities, the duo called for focusing on local demand-based trades like hospitality and other for creating self-employment for youth and urban poor of the district and appreciated the passover efforts of Co. Dr. Singh for sustainable development of the urban areas. They also visited the project sites including community toilet constructed under SSBM, skill training partner facilities at Gunn Nagar, BLC beneficaries under PMAY(U) at Jaku and also proposed to the imminent visitation development site under Smart City Mission at Kornjul, Abor Country Club.

Deputy Commissioner, Dr. Kirpy Singh through PPT, highlighted the components and progressed future plans, future steps, planning, the efforts and the district administration.

Open Table Tennis Tournament -7th edition of Arunchal Film Festival... 6th edition of Arunchal Film Festival...

Academician and filmmaker Mji Rangjwu underlined the idea of no government partnership in assisting the filmmaking of the state. While he noted that the only major financial partners of the film industry are the state, he laid the idea to constantly be grant seekers.

“We need to have the government to make us partners for the benefit of all partners together. The government should play a role in this. We need to have the government to play a role in this.”

Rumtum filmmaker Shashank S Singh advance the idea of the state to visit film festivals held across the country to gather more knowledge and create avenues.

Regarding the language barriers, he saw while Hindi has a large reach in India, regional cinema has its own appeal in the country as well as outside it.

“Don’t let any barrier come in your way. The uniqueness of a film is in itself. Choose your story and shoot,” said he.

An initiative called ‘Film Secretary’ under the IPR department to come up with ideas keeping in mind the requirement and interests of locals as well as mainstream filmmakers.

An interactive session was also held between the filmmakers and the audience, during which queries were addressed.

Later, three movies were screened for the short-film competition. These included Dust by Ligan Bagu, The Dream by Tra Tom and Voices from Home by Laxma Lingdom. Lost in Space by Shalom George and Droning Roots by Tage Apa. A box by Anmol Chakraborty.

As per the event programme, workshop is scheduled to be held on Sunday. It will be followed by screening of a series of documentaries and feature films.
