Felix meets traffic police to discuss ways to ease traffic in twin capital city

ItANAGAR, June 10:

Concerned about the burgeoning traffic congestion that has been hitting the twin capitals of Itanagar and Naharlagun, Home Minister Babang Felix today called a meeting of all traffic police and traffic wardens at his official bungalow.

As many as 110 traffic police and traffic wardens led by SP capital and SP traffic were present in the meeting where they always were the PDOs and OCs of Police stations of Naharlagun and Itanagar.

The meeting was called on Sunday owing to traffic and lesser incompatibility to the commuters.

During the interactive meeting, Felix appreciated the effort put in by the traffic police and wardens in maintaining the hectic traffic. “Ever increasing traffic every day coupled with traffic rule violators has been a challenge for the department”, said the Home Minister. He opined for a foolproof mechanism to control this alarming issue.

Felix directed SP Capital to prepare a detailed plan on effective traffic management in the twin capital city and submit it to him at the earliest. He also stressed on getting tough against traffic violators which are one of the major reasons for the traffic jams in the capital complex.

“We are standing on the road, dam to dust, under the scorching sun, the dusty environment which is gradually taking toll! On our health, breathing in rain, wind and all other adversities with only two motives, first to ensure that everyone reach their destination be it home or office in time, safe, unhurt and second to ensure safety and security of the precious lives. Let no one do of misadventur”, said one of the Traffic Police.

Another traffic wardens while narrating his woes said, getting manhandled too from the public.

No. RWD/LDG/NIT/SIDF/2018-19

Dated: Itanagar the 11th June, 2019

Mr. Talom Dupak, ADC, I/c District Magistrate-cum-Deputy Commissioner, Itanagar Capital Complex, Itanagar exercising powers conferred upon me under Section 133 Cr. P.C., 1973, do hereby order the residents/people staying near by the vulnerable areas specified hereinabove to vacate such vulnerable areas, to avoid loss of lives and properties.

WHEREAS, it has been reported that there have been rampant earth cutting going on in various locations at Itanagar, Naharlagun, Nijum and Banderdewa of Itanagar Capital Complex.

AND WHEREAS, such illegal earth cutting not only endangers human lives due to consequent landslides etc but also causes blockage to drains and river streams. It also leads to defacement of public properties like Government buildings, roads, nullies, culverts, storm water drains, etc.

AND WHEREAS, such illegal earth cutting also leads to blockage/damage to Right of Way (RoW) on the NH 415 and other sector roads. Such blockades are frequent in monsoon season and there is need to take early action to avoid such mis-happenings during monsoon.

THE GOVERNMENT OF ARUNACHAL PRADESH, therefore, hereby order as under:

1. The Superintendent of Police, Fire and Emergency Services, Itanagar shall ensure that no coaching centres operate without Fire N.O.C and that they must have adequate fire safety provision as per the Arunachal Pradesh Fire Safety Act of 1997.
2. Those Coaching Centres who do not have Fire N.O.C must obtain it from the SP, Fire and Emergency Services, Itanagar within 2 (two) weeks. Failing which they will be sealed.

Given under my hand and seal on this 27th Day of May, 2019.

Earthquake

Safety Tips:

> Make your house earthquake resistant and secure heavy furniture and objects.
> Choose a couple of family meeting places; pick easy to identify open and accessible places that you can easily reach. Prepare to be self-sufficient for a minimum of three days.
> If inside stay inside, DROP COVER and HOLD ON under firm furniture. Cover as much of your head and upper body as possible.
> Hold onto the furniture, move to an inside wall and avoid lying on the wall, lying knees to your chest and cover your head. Stay away from mirror and window. Do not walk during the building shaking.
> If outdoors, move to an open area away from all structures, especially buildings, bridges, and overhead lines.
> More cautiously, and check for unstable objects and other hazards above and around you. Check yourself for injury.
> Anticipate aftershocks, especially if the disaster lasted longer than two minutes.
> Stay out of damaged buildings. Listen to the local TV or emergency radio for more information.

Landslide

Safety Tips:

> Avoid walking houses near steep slopes, close to mountain edges, near danger ways or using natural river valleys.
> Avoid going to places affected by debris flow. In flood areas, build channels to direct flow around buildings.
> Stay alert and awake. Many debris flows from landslide occur while people are sleeping.
> Listen for unusual sounds that might indicate moving debris, such as boulders sliding or buildings knocking together.
> Move away from the landslide path down slope as quickly as possible.
> Avoid river valleys and low lying areas. If you are near a stream or channel, be alert for any sudden increase or decrease in water flow and sudden changes, whether the water changes from clear to muddy.
> Go to designated public shelter if you have been told to evacuate.
> Stay away from the flood area as there may be danger of additional slides.
> Check for injured and trapped persons near the slide, without entering the direct slide area.
