**Editorial — World Tsunami Awareness Day**

Tsunamis are rare events, but can be extremely deadly. In the past 100 years, 58 of them have claimed more than 260,000 lives, or an average of 4,600 per disaster, surpassing any other natural hazard. The highest number of deaths in a single tsunami event was in the Indian Ocean tsunami of December 2004. It caused an estimated 227,000 fatalities in 14 countries, with Indonesia, Sri Lanka, India and Thailand hardest-hit.

That makes the reduction of risk a key factor if the world is to achieve substantial reductions in disaster mortality — a primary goal of the Sendai Framework, the 15-year international agreement adopted in March 2015 to succeed the Hyogo Framework.

In December 2015, the UN General Assembly designated 5 November as World Tsunami Awareness Day. World Tsunami Awareness Day was the brainchild of Japan, which due to its repeated, bitter experience has over the years built up major expertise in areas such as tsunami early warning, public action and building back better after a disaster to reduce future impacts.

The day for the annual celebration was chosen in honour of the Japanese story of “nurama-no-hi”, meaning the “turning of the rice sheaves”. During an 1854 earthquake a farmer saw the tide receding, a sign of a looming tsunami. He then set his entire village, who fled to high ground. Afterwards, he built an embankment and planted trees as a buffer against future waves.

The UN Tsunami Awareness Assembly has called on all countries, international bodies and civil society to observe the day, in order to raise tsunami awareness and share innovative approaches to risk reduction. It also asked the UN office for Disaster Risk Reduction (UNISDR) to facilitate the observance of World Tsunami Awareness Day in collaboration with the rest of the United Nations system.

In 2018, the Tsunami Awareness Day will align with the International Day for Disaster Reduction and the “Sendai Seven Campaign” and will focus on Target “C” of the Sendai Framework for Disaster Risk Reduction which aims at reducing direct disaster economic loss in relation to GDP.

**Changlang, Oct 25:**

With an objective to reduce suicidal cases in the district, the District Health Society, Changlang organised post World Mental Health Day with a theme to “SUICIDE PREVENTION” here at DEIT Auditorium, today.

Speaking on occasion, ADC, Changlang, Shri H. Loyi, while addressing the youth, said that the youth must follow the right path of living a healthy and happy life with them, seek their help instead of fighting it to prevent early loss of life. He said the SDRF, DDSE, SHR H Loyi advocated for involvement more youth in such important programme in future. Showing concern over frequent suicide in the district, he advised the youth to love their beautiful life and not be in the furor of committing suicide. It existing that every problem has a solution if one is ready.

Earlier, Dr R. D. Das, Programme Manager, Mental Health Programme, he discussed about the factor and protective factors of suicides. He appealed all the participants to reduce suicidal cases by convincing such persons to undergo counseling or through cultural and religious approach which may help them from committing suicide.

Miss Narang Yaja gave detailed presentation on various aspect of suicide prevention. She informed that frequent talking about suicide, saying goodbye, self-hatred, sudden sense of calmness, extreme mood swings, etc are warning signs of suicide and such persons must be given constant attention. Speaking on the prevention measures of suicide, she advised to be authentic when talking to such persons and offer hope and understand, patient and calm, just listen and let them vent their feelings, anger and frustration, she said adding that one should not judgemental on their behaviour.

**Yupia, Oct 24:**

District Child Protection Unit Papum Pare district organised a consultation meeting on the theme “Suicide Prevention” was also conducted among the students where the students of DEIT, Changlang was adjudged first while Govt Ht Sec Changlang stood second.

Dr. BCH, Dr. Z. L. also spoke on the occasion.

Earlier, mass rally involving the students of DEIT and various schools from Changrang Township area was conducted following shootings on suicide prevention.

WHEREAS, the Government of Arunachal Pradesh vide above Notification acquired land from AP-4 to AP-17 as per the above schedule by paying requisite compensation to the affected land owners and the same was handed over to the re-
quiring agency.

WHEREAS, the land owner of AP-3 has fixed claim and objections in writing vide letter no. Nil Dated 9th June 2016 for the proposed allocation and requested for re-allocation of the location of the proposed tower no AP-3, therefore hereby rejecting the acquisition of land of the above the three tower locations (AP-1 to AP-2 & AP-3).

WHEREAS, a meeting was held in the office chamber of the Secretary, Land
Management, Govt. of Arunachal Pradesh, on 21st June 2019 with the Sr. General
Manager, Powergrid and the District Administration in regard to the re-alignment of
the said stretch i.e., AP-1 to AP-3. POWERGRID stated that the subject permanent
diversion work of 132KV Nijri-Ranganadi Transmission line is being executed as a
part of deposit work of the NF Railways and the said work has already pushed beyond the schedule in view of the acute Right of Way availability since 2017 while the project activities have been lingering for years due to repeated obstruction leading to time and cost overrun. Hence; it is of utmost importance for completion of the diversion works without any further delay.

AND WHEREAS, in view of the above, and keeping in view of the claim of the
land owner, POWERGRID has explored a new route for re-alignment of towers from AP-1 to AP-3 under following commitments - :-

* River Dikrong is running parallel to the proposed line section restricting move-
ment of it towards the river. Similarly, on the other side presence of habitations/prime
and restricted rerouting the line through this habitation prone area.

* The existing tower 134 is also used by DoP Arunachal Pradesh for feeding
132/33 Lekhi Sub-station and hence any major re-alignment in this section would also
have to discard the existing visual of the vital line feeding DoP AP. Moreover other 14 towers in
the new section of the diversion portion of the line have already been completed.

* The Proposed alignment has been designed after the above survey works
juxtaposed with District Administration and involving spotting of minimum numbers of
towers and also avoiding prime land of the land owners thereby reducing the same by
the usufruct right of the land owners within which the line is proposed to be routed.

* For adequate clearance, higher design towers have been proposed (thereby
minimizing the numbers of towers also) which would provide sufficient horizontal and
vertical electrical clearances as per Indian Electricity Rules.

* Since sufficient electrical clearances shall be available there is no hazard to human health and environment.

AND NOW THEREFORE, taking the cognizance of above facts and the urgency
of the above Notification is being issued under LURS 40 of LARR ACT 2013 notify-
ing the following locations as per the revised schedule as submitted by the POWERGRID for establishment of 132 KV Nijri-Ranganadi Transmission Line at Kolma and Emchi village as per the following schedule of land.

SCHEDULE

(Promulgated for filing of applications for DSG for the year 2019-20)

No. DSE/ER/2019-20/13 dated 5th March, 2020

Whereas, the Arunachal Pradesh Forest Department and Arunachal Pradesh Wildlife Department have the administrative control of Forest, Wildlife, Protected Areas, Wildlife Reserves, Wildlife Sanctuaries and National Parks, it has become essential to have a suitable legislative framework to regulate and control the utilization of the above-mentioned forest resources and to bring in order the people who are involved in the forest related activities. The existing Forest Acts i.e. Indian Forest Act, 1927 & Wildlife (Protection) Act, 1972 do not provide adequate provision to implement the policy designed for management of forest resources. To fill this lacuna, the Government of the State of Arunachal Pradesh has enacted a new legislation, namely, Arunachal Pradesh Forest Rights Act, 2019, as an amendment to the Indian Forest Act, 1927.

The Government of Arunachal Pradesh hereby fixed the maximum retail sale price of Meat Items in respect of Capital Complex is hereby fixed as under:-

The Election Commission of India has revised the Schedule of Special Summary Revision of Photo Electoral Rolls w.e.f. 1.1.2020 as the qualifying date and the Electoral Verification Programme (EVP) vide its letter No. EC(EVP)/DE-11/2019 (ISSUED UNDER SECTION 40 OF LARR ACT.2013) dated 12.10.2019. The Commission in its observations point out that the progress of ongoing EVP is considerably slow and verification/authentication of large numbers of electors is yet to be done. Large numbers of Forms are also being received for inclusion/deletion/correction, which are to be disposed of before draft publication. Due to shortage of time for disposal of all these forms, the Commission has revised the Schedule of SSR/2020 and EVP Verification Programme (EVP). All the citizens are requested to verify their name through online through www.nvsp.in or mobile app off-line with the help of Booth Level Officers of their respective polling stations (Common Service Centers/CSC). All the citizens are requested to utilize this programme by production of any one of these following authentication documents in respect of head of family member himself and all other family members. The documents are 1. Indian Passport 2. Driving License, 3. Aadhar Card, 4. Ration Card, 5. Identity Card for Govt./Sem.Govt. officials, 6. Bank Passbook and 7. Farmers Identity Card.
