Cmchand conducts Disha meeting

Changlang: The 3rd quarterly District Development committees (DDC) meeting of Changlang district was held on 29th February 2020 at DDCE hall under the chairmanship of the District Education, Government of Arunachal Pradesh.

Mr. Ahmar S. Thapa, the DCM, Changlang, while addressing the meeting, said that the meeting was aimed at discussing issues related to the District Development Committees. He urged upon the members of the District Development Committees to work together for the development of the district.

Mr. Thapa also informed the members that the District Development Committees are the main bodies for the implementation of various schemes in the district.

Mr. Thapa further stressed the importance of coordination among the members of the District Development Committees and urged them to work in a cohesive manner for the development of the district.

The meeting was attended by all the members of the District Development Committees, including the Zilla Parishad members, Panchayat members, and other officials.

British Council Language Communicative Course starts at JNC

The British Council Language Communicative Course (BCLCC) has started at JNC in Itanagar. The course is aimed at improving the communicative skills of students and fostering a conducive learning environment.

The course is designed to help students develop their language proficiency and enhance their communication skills. It is conducted by experienced trainers who provide personalized feedback and support.

The course includes a variety of activities, such as role-plays, discussions, and group presentations, which help students practice their skills in a fun and interactive way.

Seva Bhawan inaugurated

The Chief Guest of the occasion, Dr. BCSarma, Prant Sangh of Rashtriya Swayamsevak Sangh of Madhya Pradesh, Karnataka, and Madhya Pradesh, and the Director of the Seva Bhawan, Pracharak, Arunachal Pradesh, Dr. Prachi Choudhury, were present at the event. The programme was attended by a large number of government officials, representatives of various organizations, and members of the public.

The event marked the official launch of the Seva Bhawan, which aims to provide a conducive environment for the development of the youth and to promote their overall growth.

The inaugurated arm of the Seva Bhawan offers a range of services, including educational and professional training programs, health services, and social services. The Seva Bhawan is a part of the larger Rashtriya Swayamsevak Sangh's initiative to provide a platform for the upliftment of the youth and the community.

The event was marked with a warm atmosphere, and the guests were welcomed with a special programme. The programme included a welcome speech, prayers, and a cultural performance.

The inauguration was followed by the distribution of certificates to the Snehalata awardees, who were acknowledged for their efforts in providing social services.

The Chief Guest, Dr. BCSarma, in his address, congratulated the awardees and emphasized the importance of the work done by them. He also urged the youth to contribute to the development of the society and to work towards a better future.

The event was concluded with the giving away of the awards to the Snehalata awardees. The awardees were presented with certificates and rewards for their efforts in providing social services.

Snehalata is a national award given to the youth who have provided social services. The award is given by the Rashtriya Swayamsevak Sangh to the outstanding youth who have contributed to the society.

The event was a great success, and it was marked with a lot of enthusiasm and energy. The guests were thoroughly impressed with the work done by the Snehalata awardees and the Seva Bhawan.

The event was a great inspiration to the youth, and it encouraged them to work towards a better future.

Safety Tips:

- Avoid building houses near step slopes, close to mountain edges, near drainage ways or along natural erosion valleys.
- Avoid going to places affected by debris flow. In mud flow areas, build channels, to direct the flow around buildings.
- Stay alert and awake. Many deaths from landslides occur while people are sleeping.
- Listen for unusual sounds that might indicate moving debris, such as trees cracking or boulders knocking together.
- Move away from the landslide path or debris flow as quickly as possible.
- Avoid river valleys and low-lying areas. If you are near a stream or channel, be alert for any sudden increase or decrease in water flow and notice whether the water changes from clear to muddy.
- Go to designated public shelter if you have been told to evacuate.
- Stay away from the slide area as there may be danger of additional slides.
- Check for injured and trapped persons near the slide, without entering the direct slide area.
