Safety and protection of frontline workers is first priority-DC Pasighat

Tawang, June 24:
The inaugural ceremony for first of a kind High altitude Orchid Conservation plot in Tawang District is granted byHonble Chief Minister Shri Pema Khandu today, in presence of Shri Tawang Tashi Lone, MLA Tawang & DC Tawang Shri Sang Phuntsok, PadmaShree  Award winner and  Honble Dzong Phuntsok, Adviser Tawang Monastery, and HoDs. The idea of High altitude Orchid Conservation plot was suggested by Shri Sang Phuntsok, DC Tawang and initiated by Shri Sange Tsewang (DFO Tawang) which was perceived in recently held District Development meeting in Tawang. The programme was marked by cultural programme of local orchid species by the dignitaries and invitees. The High Altitude Orchid conservation plot currently stocked with 200 Orchids of 12 species, the orchid family are probably one of a highly threatened species due to extreme sensitivity to environmental changes. Also as per the first comprehensive Orchid census of the country by Botanical Survey of India, Arunachal Pradesh has emerged as its top contributor, as nearly(812 out of 1256) of India’s Orchid species can be found in the North Eastern states of India and there is strong possibility that there could be many more. Tawang with diverse forest types- alpine, Sub Alpine, Temperate and Sub tropical has great possibility of finding many more different species of Orchids. The DFO Tawang also intimated that the Conservation plot will go a long way in inducing awareness and conservation approach specially in respect to rare and endangered species of Tawang and there is a planned road way for further improving and commercializing the conservation plot in coming days, that will act for in situ conservation of Orchids.

After inauguration of Orchid conservation plot Shri Pema Khandu inaugurated Landscape Flower garden near DC Office Tawang developed by Horticulture department Tawang.

Earlier to this event Shri Pema Khandu along with MMLA Tawang participated in a plantation drive at Ugyanling, the birth place of HH 3rd Dalai Lama which was organized by Environmental Protection society(NGO)in collaboration with Charity Affairs Dept and supported by Dept of Forest, SSB and ITBP.

Pasighat, June 24:
Three Covid-19 Positive cases have been detected in Tirap and were undergoing treatment in CCC (Covid Care Centre), Khonsa, out of which one girl has been discharged today after testing negative consecutively. The girl was a resident from Channe and was under facility quarantine and her sample was tested positive for COVID-19 and was immediately shifted to CCC at Khonsa general hospital on the same night.

Tirap DC Bhuwan Pratap, IAS appreciated the District police including the frontline warriors for battle against the invisible virus.

DFO Tirap asked Ruksin administration to take at least 10 to 15 days. He also thanked Frontline Health workers for Covid-19.

Later, in the evening the high power committee recommended that the Conservation plot would go a long way in inducing awareness and conservation approach specially in respect to rare and endangered species of Tawang and there is a planned road way for further improving and commercializing the conservation plot in coming days, that will act for in situ conservation of Orchids.

Pasighat, June 24:
Minister-Rukun (MMR) road communication under Rukun subdivision has been disrupted as about thirty feet approach road of the bridge over Silchar river washed away due to torrential rain fall for the last many days.

ADG ADC, Kibono Apang while visiting the area, Ngipin Head GaonBuraTalungSaroh appealed the visiting ADC for immediate restoration stating that the bridge was the lifeline of the local villages. Immediate restoration was also very essential for medical emergencies and people of the area.

Meanwhile, East Siang Deputy Commissioner Dr. Kinny Singh directed the EE (PWD) for immediate restoration. After field visit, the EE (T/EE) informed the DC that the approach road towards Niglok site has been completely damaged and it would take at least 10 to 15 days. He asked Rukun administration to issue travel advisory for the public. The DC also thanked Frontline workers for Covid-19.

Later, in the evening the high power committee accompanied by Deputy Speaker Teamong Pongel laid foundation for the MMLAs Wamglang Sawin, Wamglang Sawin and public in length. Public also submitted memorandum in regards to establishment of the Zonal Hospital.

Earlier, the high power committee was extended warm welcome by MLA Wamglang Loangdong, Wamglang Sawin and Chakalt Abck, DC Tirap Bhuwan Pratap, IAS, SP Tirap Kardaj Ribs, administrative officers, head of departments, public leaders, chiefs, GBs and general public at Chujay, one of the proposed sites donated by villagers of Bunting village. Later, today the Learned Chief Secretary Shri Nareesh Kumar took stock of the security concerns of the district with the DC, SP Tirap, Brigadier Vijay Chauhan, Commander 25 Sector Assam Rifles, Col A.K. Das, Comman-dant BS in the office of the IAR and appreciated the efforts put in by the security forces and district administration for maintaining peace and tranquility in the district. Thereafter, learned Chief Secretary accompanied by Health Secretary visited WR Sanaa Mission school at Khasma and Rama Krishna Mission school Dibang wherein the Chief Secretary interacted with the Secretory Malai at RIKSM, Khasma and Secretary Maharaj at RMMS Narlamgarh.

International day of yoga

Today Yoga becomes a global festival. The International Yoga Day is celebrated on 21st June every year and the first Yoga Day was celebrated in 2015. In 2014 the Indian prime minister put the proposal of Yoga day at UN general assembly. From then the Yoga Day is celebrated every year.

Although the International Yoga Day was celebrated with excitement in various countries of the world, it is a special occasion, especially for India. This day is celebrated as a big festival in the country. Various yoga camps are organized at various places around the world on International Yoga Day. On this occasion, a big program was organized on Rajpath on the first Yoga day in India. In this program, Mr. Narendra Modi and notable people from more than eighty countries participated. Apart from this, the entire mass mobilized a large number for this first Yoga Day celebration.

There were 21 yoga postures in this collective yoga session. All these 21 poses were done in the supervision of trained yoga instructors and the crowd practiced them enthusiastically. Two Guinness World Records were also created in this celebration.

People around the world gather in parks, community halls, and various places to practice yoga postures. Yoga trainers guide people to voluntarily make these yoga sessions successful. Not only people living within metros but people living in small towns and villages get organized and participate in yoga sessions. This is an absolutely good view when large numbers of people are seen doing yoga together.

It was observed when a large number of people gathered to participate in International Yoga Day. On Yoga Day, people are encouraged to do Yoga in their daily routine. People are aware of the significance of yoga, but the beginning of Yoga Day gave it extra emphasis.

Yoga helps human beings to move towards a healthy lifestyle. On the contrary, this was a completely new experience for many people around the world. They felt themselves, who become familiar with such kind of art.

It is a matter of pride for Indians that our ancient art of yoga becomes a global festival. The International Yoga Day is appreciated worldwide. It is, therefore, a matter of pride for India keeping the mind and body match has been accepted and appreciated in these trying times. He announced it's people are with the victim during this celebration.

Although the International Yoga Day was celebrated in 2014, the proposal of Yoga day at UN general assembly was put forward by Mr. Narendra Modi, who became familiar with such kind of art.

The Department of Public Health Engineering & Water Supply, Arunachal Pradesh, has made a power point presentation to the Deputy Chief Minister, Shri Choena Mein on Jal Jeevan Mission here today.

Jal Jeevan Mission is a programme to be implemented by the Govt of India in partnership with the State Governments. It envisaged providing safe and adequate drinking water through household and small community tap connections by 2024 to all households in rural India and also to provide functional tap connection to public institutions like Schools, Anganwadi centres, GP buildings, Health Centres, wellness centres and community buildings.

The programme will also implement source sustainability measures as mandatory elements, such as recharge and reuse through greywater management, water conservation, rain water harvesting. The Jal Jeevan Mission will be based on a community approach to water and will include water information, Education and communication as a key component of the mission. It looks to create a jan andolan for water, thereby making it everybody's priority and to involve GPUs and rural communities to plan, implement, manage, own, operate and maintain their own in-village water supply systems to promote and ensure voluntary ownership among local community by way of contribution in kind, cost and/ or labour and voluntary labour (shramdaan).

The team urged the department to practically involve the community in the programme and to instigate a sense of ownership amongst the people and also to educate them in the importance of water conservation so as to minimize wastage of water. He said that the benefits of the scheme should percolate down to the last mile of the society and benefits the actually needy people.

He said that the benefits of the scheme should percolate down to the last mile of the society and benefits the actually needy people.

Regarding health and hygiene, DC was accompanied by EAC (HQ) Ashok Tajo, Nodal Officer Tikon Sonam and Nondo Dona and Asstt. Nodal Officer (Quarantine Centres) Eri Kuman Manag.

Earlier in the day, DC convened an emergency meeting in his chamber with ADC (HQ) Darje Sanyog, DySP N Sora, CO Pooza Sonam Natung and DTO Nondo Dona to chalk out a plan to manage traffic congestion and regulation in the Seppa town.

While appreciating for early implementation of one way traffic movement system, DC Prababil Abhishek, in order to ease the traffic congestion in the Seppa Town, directed the police department and official concerned for early implementation of one way traffic system designed to ease the traffic congestion.

DC P Prababil Abhishek also enjoined about the status of clinical testing of returnees and advised all concerned to strictly all SOPs as issued by the govt, while assigning tasks. He also urged to sensitize the immates regarding health and hygiene.

On 25th June, the Deputy Commissioner, Arunachal Pradesh Pema Khandu has expressed deep shock and sorrow over the loss of a minor's life at Don Colin, Ranag. Due to land slide this morning innocent rain collector of the last couple of days that triggered landslides and flood have left trails of large-scale devastation in the entire state.

Reportedly, around 8:17 AM, the minor boy was retrieved from the debris and brought to R.M. Mission hospital. Meanwhile, police authorities declared her to be brought dead.

Conveying his heartfelt condolences to the bereaved family members who fell to nature's fury, Khandu said that the State and the people are with the victim during these trying times. He announced immediate release ex-gratia of Rs. 4 lakhs to next of kin of the deceased.

Assuring all possible support from the Disaster Management Department, the district administration and departmental agencies to the family to tide over the unfortunate incident and convey his deepest condolences to the bereaved family members.

The programme will also implement source sustainability measures as mandatory elements, such as recharge and reuse through greywater management, rainwater harvesting. The Jal Jeevan Mission will be based on a community approach to water and will include water information, Education and communication as a key component of the mission. It looks to create a jan andolan for water, thereby making it everybody's priority and to involve GPUs and rural communities to plan, implement, manage, own, operate and maintain their own in-village water supply systems to promote and ensure voluntary ownership among local community by way of contribution in kind, cost and/ or labour and voluntary labour (shramdaan).

*YOGA- ITS ESSENCE AND IMPORTANCE IN A PANDEMIC HIT WORLD*

The 6th International Yoga Day was observed across the globe with the theme yoga at home and yoga with family. Since the UN declaration on yoga being counted as one of the best wellness systems in the world, India had its major chunk of pride as its traditional method of healthy living was recognized across the globe; a contribution that this country made to humanity. Ayurveda is also gaining momentum but the manner in which yoga crept into the daily lives of millions across the planet was astounding. Amid the corona pandemic and the hustle and bustle of modern life, yoga stands out helping millions to cure their ailments and psychosomatic issues. Running after comforts and conveniences, we have come to a juncture where life without gadgets and gizmos is unthinkable. They have revolutionized our lives. But they came with heavy price tags forcing us to pay for lifestyle diseases like diabetes, obesity, blood pressure and cardiac issues. Of course less attention was paid to the negative effects due to their excessive use. Without bothering much we thrust cell phones into the lovely hands of our kids. Drastic biological imbalances that they silently cause to our own body should be a huge concern. Probably yoga is seen to bring care and cure to those who suffer. Therefore, it can be trusted and practiced. ‘My life my yoga’ was a unique initiative by the ministry of Ayush. Such initiatives would definitely enhance the importance of yoga in a world totally submerged in stress and distress due to the pandemic. Millions of people are battling to save their lives from the deadly virus is a bitter truth. Learn to live with the virus, a new normal, a reality that every individual must train himself to accept and appreciate.

Undoubtedly, yoga holds the power to solve complexities of the mind and body. Literally the word yoga means to unite; the unity of the individual self with the cosmic self or in simple terms the perfect alignment of the body and mind. Importance of yoga is that it handles various faculties of the human anatomy. It deals with not only the body but the mind and the soul and beyond. Modern medical systems mostly deal with the physical aspects of the human body but ayurveda and yoga go beyond the body and the mind to cure. People would often end up mistaking yoga to be the twisting and turning of the body. That is how it is propagated across the globe. Understanding yoga at the physical level is normal but going beyond the physical transforms a practitioner totally. Going to the depth in practice, the practitioner experiences the oneness with the individual self with the universal. The body being treated as an instrument needs to be maintained properly and the mind the indweller becomes capable of coming out of its chaotic expressions and attains tranquility. Thus, the body-mind mechanism functions in unison in tune with the pulsating framework of nature. What is important is to practice yoga regularly with complete attention and involvement. Yoga's power is undisputable when it comes to its ability to boost our immunity and maintain our physical fitness.

Seeing yoga as a religious affair is not improper. At the personal level, practice of yoga can be as natural an endeavor as any other religious ritual. But it can be a personal outlook. Considering yoga practice for the wellness of the body is more favorable for many than delving deeper into its spiritual realms. It can better be used as a healthy habit to solve the complexities of our chaotic modern life. In a spiritual realm, yoga in its essence is a passage from ignorance to self knowledge. Having controlled the body and mind, the practitioner is normal to step further to the spiritual domain. Practice of yoga enables a person to think good, feel good and live good. As a wellness system yoga provides a person with ample scope to progress with physical, emotional and spiritual maturity. Significantly the popularity with which yoga became a part of the western life is amazing. Mostly it is due to the wayward lifestyle of the west. Broken families and a totally paralyzing trauma due to the drug peddling and massive consumption of illegal narcotics among the modern youth naturally but consistently forced them to find an alternate way for cure. As a mechanism to handle the body and mind, yoga has tremendously helped the western lives better than any spiritual practice available.

Wavering from the fundamentals of yoga philosophy, the trends to commercialize yoga to a booming industry is a reality. With millions of practitioners joining every day, the yoga industry is flourishing everywhere in the world. It is a good sign of economy, emerging from the rubbles of the ancient wisdom of India refurbishing its essentially faded significance under the cast of time. From the politicians to the cricketers to the film fraternity to the common man, yoga has an influence in everyone's life purely secular in its outlook and healthy and holistic in its effect. From a yoga mat to a yoga dress, everything related to yoga is costly even in India. But nothing costly is required for a sincere practitioner, except a resolution to spend an hour daily for his body and mind. That’s what yoga is, it will work wonders for us.

M.R.Lalu
Viruses don’t discriminate and neither should we.

#SolidarityNotStigma fights the spread of #COVID19.

People who are sick with coronavirus have done nothing wrong, so let’s not treat them differently.

We are stronger together in the fight against coronavirus. #SolidarityNotStigma

MESSAGE

On this day of 26th June 2020, the International Day against Drug Abuse and Illicit Trafficking, I would like to urge all the people especially the youth of the state to take a pledge to not consume such substances which not only harm the body but also have a lasting impact on the mental faculties of the individual. The youth is the future of the state and will guide us to the path of development for which a healthy body and mind is essential.

The State Government has placed adequate emphasis on providing alternative livelihoods for all those involved in cultivation and manufacture of such substances. Further, there is a focus on rehabilitation for all those suffering from addiction to such substances.

As per the guidelines of MHA, the state government has formulated a state level apex committee for coordination and formulation of strong comprehensive action plan for control, rehabilitation and providing alternative livelihoods for the illicit cultivation under the chairmanship of Chief Secretary. As per which it ensured for a coordinated approach to tackle this menace which focuses on enforcement as well as rehabilitation. The Anti Drug Squad established in Rengong is one such example of the resolution adopted under Para 9 of the SLCC meeting held on 9th December, 2019 under the chairmanship of Chief Secretary. As per which there shall be state level dedicated team for anti-narcotic activities in which unified team from state police and state narcotic official cell work together for total action against drug trafficking, the drug abuse victims are counselled and encouraged to return to mainstream of society.

The State Police and State Narcotics control cell has taken strict action against drug trafficking with a total of 194 cases being registered in the past 2 years. The State Government has also taken strict action against those officials who were complicit in drug trafficking.

There have also been efforts to destroy illicit cultivation of poppy and cannabis in the state with about 95.10 acres being destroyed in 2020 till now. There is a focus on providing alternative livelihoods to people who are engaged in such cultivation.

Let us say NO to Drugs and YES to Life!
Jai Hind, Jai Arunachal!

(Pema Khandu)
